## **DETAILED ACTION**

1. Claims 8 and 9 are objected to because of the following informalities: Claims 8 and 9 recite the same subject and are duplicates of each other. Either claim 8 or 9 should be canceled. Appropriate correction is required.

## Claim Rejections - 35 USC § 112

- 2. The following is a quotation of the second paragraph of 35 U.S.C. 112:
  - The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 10-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 10, line 10, the phrase "the first and second electrodes" lacks antecedent basis and the recitation of "first and second electrodes" in line 11 raises double inclusion issues since it is not clear if these are different electrodes or the same electrodes.

In claim 20, lines 11 and 12, the phrase "the first and second electrodes" lacks antecedent basis and the recitation of "first and second electrodes" in line 13 raises double inclusion issues since it is not clear if these are different electrodes or the same electrodes.

## Allowable Subject Matter

4. Claims 1-9 and 23-46 are allowed.

Application/Control Number: 10/695,920

Art Unit: 3752

5. Claims 10-22 would be allowable if rewritten or amended to overcome the rejection(s)

under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's
